

Hebrews Fulfilled: From Flawed to Flawless

A Series of 37 Studies in the New Testament Epistle Commonly Called Hebrews. It has become this authors conviction that The Epistle to the Hebrews is the single most important piece of New Testament literature relative to an accurate understanding of biblical eschatology (end-times) and soteriology (salvation). As long as the foundational theological information in this treatise is misunderstood, misapplied, and mistaught (long before interpreting The Book of Revelation is ever attempted), Gods people will not enjoy the contentment that our Lord intended for us to experience. Hence my prayer is that all who open this book will also open their minds to the approach employed that they, like the Acts 17:11 Bereans, may also be commended by their God for displaying such a life-changing attitude.
