

Self Coaching : How to Solve Executive Coaching Issues

Executive coaching in the business community is not a new concept but one that has until recently has been accessible to only a chosen few. It used to be that coaching, mentoring and supervision were available in our work environment. Not anymore! No w more than ever there is no one in the existing workplace available to provide the coaching process we are seeking. A void has been created! Self Coaching, using the SOLVE process is an exclusive, uniquely created five step model that identifies a workable problem-solving system that will work in your professional as well as your personal life. Self Coaching identifies that we, as individuals have the ability to find and apply solutions to our own lifes problems. This is not just a book of hope; it is a book of DOING!
