

The Wilderness of Denali

Originally published by Charles Scribners Sons in 1930, *The Wilderness of Denali* is a memoir of three years of hunting the area of Alaska surrounding Mt. McKinley. It is a classic of American adventure—a book written by a man who was willing to risk his life in pursuit of grizzly bears and the elusive mountain sheep. The account was written each night by campfire as Sheldon discovered what is still regarded as the most scenic wilderness in America.
