

Witches Trine: Rebirth

WITCHES TRINE is the centuries-spanning story of three immortal witches: Olivia, the Scholar; Eva, the Healer; and Victoria, the Warrior. Their devotion to the Dark Arts is only surpassed by their loyalty to each other. When they find themselves in the middle of a sinister plot to raise the Antichrist, they will have to use all their Craft and unique abilities to save themselves and the world and not even death can stand in their way! Chapter 1: Olivia dedicated the last 130 years of her life to finding an arcane book that contains a resurrection spellone capable of bringing back from the dead her fellow witch Eva, who was burned at the stake by an angry mob in 19th century England. It is a fate Olivia would have shared, if not for the third member of their trine, Victoria, who saved her from a most gruesome demise. When Olivia finally finds the book in modern day Los Angeles, it turns out she is not the only one looking and the consequences might be deadlier than she bargained for. And Victoria, who slums around with her thuggish boyfriend Sean, might not be there to help her this time.
