

The Road to Healing...: 7 Days of Daily Devotions for those Bullied in the Workplace

This is a book to help people who are targets of workplace bullies. This is a 7 day program to begin the healing process through prayer, conversation and daily indulgence. The book is short, simple and manageable even for those already broken by the bully or at the breaking point. You will be able to recapture joy, hope and emotional well being one step at a time. I have been there and I know what you are going through. I know the devastation that a workplace bully inflicts on the target. It is ruthless, unjust, humiliating and overwhelming. Through prayer and self-help I will lead you out of the darkness and help you find your way back to the person you used to be. You deserve better and I will show you how to take care of yourself one day at a time.
