

Time Out London Walks, Volume 1: 30 Walks by London Writers

London remains one of the worlds great cities, and the best way to get to know the whole sprawling mess its vivid history and current vitality is by walking the streets. The objective of the fourth edition of Time Out London Walks Volume 1 is to get the perspective of the city from a group of novelists, historians, comedians, and journalists who have devised their own walks through London, drawing on historical, architectural, and personal observation. The walks offer a mix of styles, outlooks and settings. The end result is a book that can be read with pleasure at home, as a collection of writing about London, or as a practical guide to the citys streets and green spaces. The fourth edition of this title has been thoroughly revised and updated.
