

Time-Traveling Through Swamp Gas: Strange Tales of Flying Saucer Intrigue From the X-Files of Saucerian Press

New Saucerian Press proudly presents *Time-Traveling Through Swamp Gas: Strange Tales of Flying Saucer Intrigue* one of the last books ever written by the iconic ufologist, publisher, and bestselling author, Gray Barker, whose writing informed the plotlines of shows like *Star Trek*, *Futurama*, *The X-Files*, *Twin Peaks*, *The Outer Limits*, and *The Twilight Zone*.

Shuttling between his Manhattan publishing office and his secluded cabin deep in the hills of his home state of West Virginia, the prolific Barker single-handedly kept public interest focused on UFOs during its leanest years, and introduced many themes still discussed and investigated by today's paranormal and conspiracy researchers: the Roswell UFO Crash, Men in Black, Ancient Aliens, Nazi UFOs, the Philadelphia Experiment, the Flatwoods Monster, Mothman, MJ-12, secret underground bases, little green men, and the Maury Island Incident. *Time-Traveling Through Swamp Gas* and its sister books, *Serpents of Fire*, *Saucers of Fear*, and *Saucers of Fire* were assembled by Barker shortly before his death, using material culled from deteriorating copies of his notoriously speculative newsletters and gossipy syndicated column for years, the most widely read national column on UFOs, Fortean, and weird science. This unique edition of *Swamp Gas* features a special introduction by Barker, as well as reports from his field investigators, who in true newsletter style shed urgent, much-needed light on riddles such as: John Lennons UFO sighting, the NASA conspiracy, saucer crashes and recoveries, contactees, alien abductions, mind control, and the psychology of UFO groups, hoaxes, disinformation, and surveillance. The Godfather of Paranormal Conspiracy finally gets his revenge *Paranoia* A good long game; Barker defends himself brilliantly... *The Skeptical Enquirer* A

great mashing of classic themes, by the
Great Conjurer himself UFO Magazine
Eerily predictive Very hip for its time
David Bowie
