

A Special Gift

Michele Streisand possessed three remarkable psychic abilities, which consisted of accurate premonitions which always manifested, open trances through which she received her astonishing visions and she also experienced muddled images in certain troubling dreams when she was in a deep sleep. In an open trance having a vision, she was wide awake and would receive peculiar pictures all jumbled up about people she had never met before. Were her exceptional psychic powers a blessing or a curse? Lets find out.
