

## Traveling Turkey Hunter

Traveling Turkey Hunter is about a goal of mine to travel to as many different states in the United States to hunt the wild turkey. Every chapter is a different state or country. In my best way I try to explain about the state so you can visualize it through my eyes. Described in this book is the terrain of each state and the species of turkey hunted there. My stories also describe my hunts with different friends and later my brother, Steve, whom I started hunting in 2001. These tales are also about the both of us getting our grand slams. Sit back and enjoy the adventures, as you put yourself in the boots of the The Traveling Hunter.
