

The Day of the Heart

This charming tale lifts the heart and stretches the imagination. Michael Osborne uses mystery and magic to tell the story of The gentle People of the Sun as they defend their land against the People of the Cities. One can almost see the Valley of Memories and the Mountain of Hope. Children and those young at heart can explore a place where Childpersons are schooled in the Muses, and Elderguides use The Way to restore peace and harmony to the land. (comment by Kathleen Sommers)
