

Venus in Love, Vol. 3

College freshman Suzuna is living on her own for the first time, and discovering that finding love can be much more complicated than she imagined. Suzuna had her heart set on Fukami, the tennis player, but she's been afraid to share her feelings. Now Fukami is out with another girl, and they seem to be turning into a steady couple. Is it too late for Suzuna to make her move? She finds herself spending more time with Eichi, the guy who also has a secret crush on Fukami. But a surprising development leaves the two of them with confused feelings about each other. Just when Suzuna thought things couldn't get more complicated . . . they do!
