

Forget Me Not (Shadowflesh Book 2)

Fortune has smiled on seventeen year old Aileen McCormick ever since Addison came back into her life, giving her the love she has so desperately longed for. That is, until a mysterious man slithers across her path and slips a spellbinding cameo around her neck. The cameo holds more than just the image of an enchantress who hungers for souls. It possesses a curse that strangles away every memory Aileen has of Addison. Addison, a three hundred year old fugitive from the netherworld, recognizes the wretched woman inside the cameo and the curse she has cast on his unsuspecting love. The enchanted cameo has but one purpose: to torment Aileen with hints of love she can no longer recall.

Aileen cannot escape the deadly cameo. She runs for her life with the curse only a breath away. If she truly wants her memory back, the enchantress is all too willing to restore it. It will cost her, though. Cost her everything.
