

Jesus - In All of Mankind Since Creation ... He is Beyond Religion as He is in our Being (Lets KJOH (Keep Jesus in our Hearts) Book 2)

I have my own faith and religion, and I have known my religion since I was a child, and I will never believe in anything else as I have seen it work for me and my family. And another one says, I have no religion. I do not believe in any religion. I do not believe that God exists. I do not see him, Why would I believe him? We will all die yes, but I hope I may live longer that I will be happy before I die. After I die, I do not have to worry anymore because I am dead anyway. Is this not true? Have you heard somebody tell you this or something to this effect? That many people stick to what they believe is right for them and they would not rather change their ways for it has been what they have been accustomed to, in their minds, in their thoughts, it is their way of life, it is in their belief system. Our belief system differs in every individual influenced by many factors: 1. from culture and family as one may have grown up in a family or community that has the same belief or way of life that his family may have; 2. from peer pressure as one may see belonging and oneness with his peers and so adopts the ways of his peers or his colleagues at work or community as in barkada (Filipino term for group mate or hangout mate); 3. from past unforgettable experiences that connects strongly to your pride or ego where one may have been traumatized by fear that veers him away to his previous beliefs; 4. from educational experiences, what a teacher may say, researches, reading books or browsing through the internet where ones mind may lead him to, whether he becomes analytical or not, it is his mind, his creativity and his thoughts that may guide him; or 5. from ones spirit, that goes beyond our human intelligence and goes beyond this life. How about you, what influences your belief? Whether or not you relate to people who believe in the existence or non existence of God, this ebook may help you open your eyes to

another truth as it may help change your life for the better, as it helped change mine and my perspectives in life. If you want to know why, find out why Jesus is beyond religion from this ebook and what supports this in what I believe and what other true believers may believe that He is in all of mankind. Blessings to you all.
