

The Guy I Left Behind (Love Stories)

Tara Lee wants nothing more than to be a successful actress--and to spend the rest of her life with Lance Michaels, her boyfriend and lead guitarist of the hottest band in town. So when Tara lands a role on a major soap opera, it seems as if all her dreams have come true. There's only one problem: She'll have to move to New York, hours away from Lance. Tara swears the distance between them won't destroy their relationship. But as rehearsals and tapings start piling up, she has little time to call Lance, let alone visit him. Angered and hurt, Lance shuts her out completely. Has Tara's choice cost her the only guy she's ever wanted?
