

A Thousand and One Appalachian Tales

Honorably discharged from the Military, Airman Page found himself at a crossroads. Struggling to deal with great tragedy and loss, he decided to take a long walk home via the world-famous Appalachian Trail. These are the thousand and one tales of his journey, along the A.T. and through the heart of Chapel Perilous. Dug Fresh is also the author of *The Fictionary: A vocabulous flexicon of jocu-molecular jingo and colloquialiscious flapinations*, available on Amazon, and is founder of the International Peace Trail Project, dedicated to the creation of a footpath for those seeking fellowship with Earth and to the idea that if you build it, peace will come.
