

Kinesis # 1 (The Zephaniah Chronicles)

Orphaned at birth, Zephaniah, an Earth baby, is brought to the high tech planet of Abishua. Adopted by Kanis, a super-strong Onalogian and Cynthia, a Terran woman, Zephaniah grows up in a society where a multitude of cultures and beliefs co-exist almost peaceably. Surrounded by aliens from throughout the Gedaliah Confederation, Zephaniah comes to accept his super powers in much the same way as he accepts his brown hair color - they are an integral part of his daily life. The villainous Snare has stalked Zephaniah from birth. She unleashes Nim, an electronic parasite, within Abishuas Capital City - Hebron. Zephaniah and his friends: Cassandra, Gideon and Shakyra must capture Nim before the entire city loses power or face dire consequences...
