

Yahwehs Divine War Chariots

Without question, the most monumental miscalculation the civilized world of mankind has ever made is his continued arrogant rejection of the spirit alien visitation reality (an undeniable reality that has been witnessed by literally millions of people around the world from all walks of life and professions). In convincing evidence, the historical biblical record clearly shows that alien spirit beings have been visiting our planet earth for thousands of years now. Indisputable evidence also provides detailed, descriptive information on extra-terrestrial spiritual beings, as well as the spacecraft they use for inter-galactic travel among the billions of constellations throughout the magnificent universe. Most uninformed people of the earth have been blindly misled into believing that spiritual beings (angels), are nothing more than mythical beings or entities which have very little, if anything, to do with their own lives, and even less influence over mans future destiny. Not so: Yahweh, the grand creator and first cause of all that exists has long ago commissioned his angelic beings to fulfill his divine will and purpose in both the celestial heavens and the planet earth. This commissioned fulfillment is taking place in and during this present rejected generation of mankind. These spiritual warriors of the only true God, Yahweh, will soon awaken all of mankind from a long slumber of rebellion and denial. For the last thirty-five years, I have conducted an in-depth research study into the UFO/Alien visitation reality, and how the UFO phenomena relates to the spiritual realm, and its potential future influence over the modern civilized world of mankind and his final destiny. The following synopsis will present my summary and unbiased conclusion of my research findings. I regretfully acknowledge that many will take exception to the conclusions expressed. However, I have made every effort to be
