

Youre Not Crazy - Its Your Mother: Understanding and Healing for Daughters of Narcissistic Mothers

Understanding and healing for daughters of narcissistic mothers Youre not broken and in need of fixing. Youre wounded and in need of healing. Do you find yourself emotionally bruised, upset and confused after being in contact with your mother? Do you end up doubting yourself - even feeling crazy - as she remembers incidents totally differently to how you remember them and denies other events even happened at all, until you begin to doubt your own perceptions? Do you somehow feel youre not a real person in her company? Does it seem that she gets angry or upset when good things happen to you, and gets happy and energised when bad things happen to you? But maybe thats your imagination, you tell yourself, because of course your own mother isnt going to be sad when you succeed and glad when you suffer, right? And so maybe you feel like a bad daughter for even doubting her. Around and around go your feelings and emotions and half-formed thoughts, till you think you must truly be crazy. If all this is true for you, you are far from alone. Millions of women all over the world have experienced the same crazy-making hall-of-mirrors. And this is why: their mother - like yours, possibly - has Narcissistic Personality Disorder. Realising about NPD explains the whole crazy-making dynamic, and this realisation is so freeing and life-changing. It can be a tough realisation too, however, and this book aims to support you on the tough bits of that journey. For the price of 10 minutes of therapy, this book explores how narcissists behave, how they treat their daughters, and that behaviours impact on those daughters lives. it also gives tools and resources to help you heal from the toxic and abusive relationship and to start living the life you always deserved to live.
